Scoring Instructions:

White your score (from 1-5) for each question in the box with that question number. Add up each column and write your total scores above the corresponding Gift Code. Once you have done this you can check the key below to see what spiritual gift each Gift Code represents. The highest score for any gift is 35. The higher the score, the stronger you are in that spiritual gift based on your responses. A score of 29 or higher in any gift is a strong indicator of the presence of that gift in your life. Scores between 22 and 28 could indicate a spiritual gift in the "seedling" stage, particularly if one or more of your top three scores are in this range.
